Solvent Storage Tanks Part B Permit Modification Requested

The Department of Energy (DOE)-Savannah River Operations Office has requested from the South Carolina Department of Health and Environmental Control (SCDHEC) modifications to Savannah River Site's (SRS) 2000 Resource Conservation and Recover Act (RCRA) Part B Permit Renewal Application for Volume XXV, Solvent Storage Tanks Facility.

This modification, Revision 3, addresses special permit conditions as required by the RCRA Hazardous Waste Permit to address the installation of a new cathodic protection system for the Solvent Storage Tanks facility, and contingency plan and administrative updates. This revision is considered to be a Class 1 modification.

Additional information, including the actual permit application, is available for review and copying at the DOE Public Reading Room located in the University of South Carolina-Aiken Library, or by contacting personnel identified in this notice.

For additional information, contact Jim Moore, Washington Savannah River Company, Savannah River Site, Building 730-1B, Aiken, SC 29808, or R.A. Haynes, Director, Division of Waste Management, South Carolina Department of Health and Environmental Control, 2600 Bull Street, Columbia, SC 29201-1708.
